## THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured."—Mrs. ALVERA SPANGLER, 1468 Clybourne Ave., Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodical pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

## SYMPTOMS OF DYSPEPSIA

This Woman's Experience Will Interest Every Sufferer from Stomach Trouble.

Mrs. Mary J. Bates, of Webb street, Clayton, N. Y., says:

"The first symptoms I had of dyspepsia, from which I suffered for two years, were awful pains in my stomach and chest. The sensation was that of a hot wave spreading over my chest, affecting my right side more than my left and even going down my arms. Many times I thought the pressure from the gas on my stomach would suffocate me. I had little or no appetite and the least exertion or excitement caused my heart to flutter. I had intense pains back of my eyes and dizzy spells, when everything became dark before me. I could not sleep, but would toss about all night."

"I also had rheumatism in my left knee and shoulders. My shoulder blades were so sore that I could not lean back against the chair in which I was sitting, and was so stiff in my joints that I had to hold onto things to get up. My kidneys were so affected that the doctors gave me special treatment for them. I became run down in weight from 145 pounds to 90 pounds and was in bed nearly all of one winter."

"The doctor's medicine did me little or no good, but I took it for over a year before giving it up. One doctor said I had catarrh of the stomach and another called it dyspepsia. After some time I was urged by a friend to try Dr. Williams' Pink Pills. I felt much better before I had finished the second box and was cured by the time I had taken seven boxes. I have gained steadily in weight and can eat and sleep well and have had no return of my troubles."

The tonic treatment with Dr. Williams' Pink Pills by building up the blood so that it can nourish and strengthen the weakened digestive system has made hundreds of cures in the most severe stomach disorders. This record of cures should merit a trial for the feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?
